2) Whereas in other departments there hasbeen a reduction in the scales of pay, in the Medical Department there has been an improvement in the scales in certain cases:

1) by introducing a time-scale of Rs 400-25-450 against the present fixed pay of Rs 400, Rs 450, Rs 500/

2) by similarly giving a time-scale of Rs 80-10-1 and 80/ to the probationers now on fixed pay of Rs 100/- (Thei present number is 14).

& 3) by increasing the minimum of the I Grade Assi ant Surgeons from Rs 200/- to Rs 225/-.

3) Taking the average cost, there will be a savin of about Rs 350/- per mensem by the revision of the scales of pay of the Surgeons (men) and Assistant Surgeons (men) as a whole when the new scales come in effect fully. But there will in fact be an extra co to the extent of Rs 180/- per mensem on account of the introduction of the time scale in place of fixed pay referred to above (vide items 1 and 2 supra) as the reductions in the higher grades of surgeons will not take place immediately until the Surgeons now in ~~xxxx~~ service actually retire while the increases in the lo grades will take effect irrespective of vacancies.

~~I would therefore suggest to avoid extra cost for~~

~~a possible that the Surgeons~~

four on Rs 60/- against vacancies of Sub Assistant Surgeons. My suggestion is that the new grade Rs 60-10-120 will apply to the former 9 and not to the latter who are taken against the vacancies of Sub Assistant Surgeons.

5) My suggestion for fixing the number of Women Surgeons and Assistant Surgeons in the revised scale would be as follows:-

	Present scale and number.	Proposed scale and number.
Surgeons	(1) 750-50-900	(1) 500-50/2-750
	(6) 200-20-400-30-700	(3) 400-25-450
		(3) 225-25/2-350
Assistant Surgeons	(7) 150-10-200-20-300	(7) 150-10-200

6) With the above allocation of women surgeons and Assistant Surgeons, in the revised scales, the total savings that would accrue when the revised scales of pay are given effect to fully in due course, would be Rs 20,352/- per annum

Though the lien of these 5 Probationers is in the Medical Department a separate Scale of Rs 100-10-150 has been gran Sanctioned to them (vide G.O. no 3610-2 Uni 108-32-5 D 23-5-1934) It is not therefore necessary to include them in the number in the draft order. The revised Scale of Rs 80-10-120 is to be given to 9 permanent Probationers that are in the Medical Department.

If approved the draft order may issue after perusal by the Member.

The number of Probationers who have been lent to the University, should, it seems, be shown in the total number on a remark made that 5 men will be lent to the University & their places not filled up in the medical Deptt. This appears necessary as they have a lien in the medical Deptt & their Seniority has to be maintained. They get the grade of the lecturers 100-10-150 so long as they work in the University.

Surgeons	2 on 500-50/2-750

Assistant Surgeons	3 on 225-25/2-350
